Pardyalone

She wanna fuck  
Fuck with a rockstar  
She wanna sip on the wockhardt  
She wanna steal all my love

And she wanna talk  
Talk a lot about nothing  
Talk about her ex but I'm not them  
She wanna steal all my love

Baby, tell me what you want, what you need  
You say that I'm not enough, whatchu mean?  
I can't love anymore, my anxiety  
I been broken from the start, bae, ain't no healin' me (oooo)

Prolly why I'm still drinking on the syrup  
Addict, addict, addict, addict, addict (ooooo)  
I'm sick of this earth, addict, addict, addict (ooooaahhh)  
Tell me why I'm so numb  
Addict, addict, addict, addict (I'm an addict)  
I'm addicted to your love (ooooahhh)

Thinking too much that it led to depression  
Look, I know it's my fault that you left  
But I ain't learn my lesson, I ain't learn my lesson  
I'm stressed, constantly holding my chest

Holding my head when it's heavy instead  
I been smoking to rest  
Wake up and drink till I drown out the past  
Oh, that's my bad, guess I'm a fuck-up at best

Guess you ain't know who I was or I am  
Turn all the memories black, you turning your back  
Oh, you want me back, fuck naw  
You wanna blow up my phone like you're missing me

Not a weapon in sight but you're killing me  
Sippin' Hennessy, oh monster eating me up

She wanna fuck  
Fuck with a rockstar  
She wanna sip on the wockhardt  
She wanna steal all my love

And she wanna talk  
Talk a lot about nothing  
Talk about her ex but I'm not them  
She wanna steal all my love

Baby, tell me what you want, what you need  
You say that I'm not enough, whatchu mean?  
I can't love anymore, my anxiety  
I been broken from the start, bae, ain't no healin' me (oooo)

Prolly why I'm still drinking on the syrup  
Addict, addict, addict, addict, addict (ooooo)
