

## NOT AGAIN

Pardyalone

Remember the night we got in a fight, you put it in drive and s  
tormed out?

Remember the time when we made it right, you gave me your heart  
and poured it out?

Remember those neons on you like a spotlight, you're gorgeous (Woah-oh-oh)

Damn, you're on my mind again (Okay)

Look in my eyes again (Okay)

What are we doin'? You're back in my bed, you feel like you're  
mine again, okay (Okay)

I thought we said that we'd never see one another again?

But now we're both wakin' up drunk in my crib

And last night, well, damn

We stayed up all night, now we're fallin' in love again, in lov  
e again

Your lips taste like we've been drinkin' too much again, we're  
drunk again

Ooh-ooh-ooh, ooh-ooh-ooh

You should know you're my best friend

Ooh-ooh-ooh, ooh-ooh-ooh

We're fallin' in love again

Remember the night you got in my car, stepped on my bottle and  
poured it out?

You hate that I drink, I hate that I think, you told me I've be  
en in a whiskey drought

I'm battlin' demons, I sit by myself and ignore it

I'm always runnin', no, I'm not okay (Okay)

Don't wanna see you go (Okay)

It's crazy, you saw I was goin' through pain, all you did was h  
old me close (Okay)

I think you're my twin flame

Every time you speak, it means the most

You look like a princess

But I don't mean to say what you already know

We stayed up all night, now we're fallin' in love again, in lov  
e again

Your lips taste like we've been drinkin' too much again, we're  
drunk again

Ooh-ooh-ooh, ooh-ooh-ooh

You should know you're my best friend

Ooh-ooh-ooh, ooh-ooh-ooh

Here's to fallin' in love again
