

One More Dance

Pardyalone

(Something just called)
(That I've answered before)
(It lives in my walls)
(And it's under the floor)

I, how do I want another dance with you?
But I saw my [?] can fall for you
And why do I want to feel you now?
And why do I want these reasons break me down

Reasons I'm strong enough
These reasons from you
Reasons I fell into my mind cause of you
Reasons I can't be loved
Reasons I do
Reason my heads fucked up
Those reasons are you

Why do I want up best you
Don't be mad at you
Ooh
And it's angry about the way, not mad, angry
Okay, don't be angry with me
I am angry with you
And I have a good reason to be angry with you
You can't do this, you can't

I, don't wanna run for the love
How do I want another dance with you?
How do I let my life know you, I can't run
I don't understand
I don't wanna talk about it
My mind is alone

Reasons I'm strong enough
These reasons from you
Reasons I fell into my mind cause of you
Reasons I can't be loved
Reasons I do
Reason my heads fucked up
Those reasons are you

(That I've answered before)
(It lives in my walls)
(And it's under the floor)
