

Wayne's World

Pardyalone

Look at my eyes
Don't say you love me, don't you lie
But I can't fall for it
Been sippin' mud up out my cup, I feel like Wayne
I got a bad bitch, I don't like no Mary Jane
Spend the night and wake up, do the same thing

Blunt rollin', drinkin' Henny with all the callin'
My brain loaded, my mind been hurtin', these sparkies workin'
I won the game, I don't want no one to say me
But I don't know what to say, so I float away
Smoke it up my endless space, blowin' the smoke in my face
I got purple rain falling in my cup
If you just hit the button bitch you need no key to start it of
f
And she don't like why you do that
'Cause I remember when the top off she was blowing loud in my m
outh like I'm a durag

Look at my eyes
Don't say you love me, don't you lie
But I can't fall for it
Been sippin' mud up out my cup, I feel like Wayne
I got a bad bitch, I don't like no Mary Jane
Spend the night and wake up, do the same thing
