

Well, Me 2

Pardyalone

I'm usually not up on this timing, but
Why the fuck are you the reason I've been crying?
I'm so sure that love isn't for me
I'm too familiar with lying

We both said we'd do no wrong
But I found a thousand ways for me to move along
Here I go again, wasting another song (on you)
Here I go again, righting another wrong

Who knew you'd be this evil?
You deceived me and my family
You fucked up my peace, god damn it

I don't think that you're righteous anymore
And my whole life has been you
And I don't think I can fight this anymore
'Cause lately you've felt numb
Well, me too

And that, I'm for sure with, like the next note
Baby, it's pouring, learn to breathe-stroke
You swear to God it's all my fault
But you put my back against the wall

Why do I run when the ship is sinking?
I've been inside for months, thinking I'm the reason that we
Broke up—I'm stuck, I bet that makes you happy
Depressed as fuck, my demons coming at me

Who knew you'd be this evil?
You deceived me and my family
You fucked up my peace, god damn it

I don't think that you're righteous anymore
And my whole life has been you
And I don't think I can fight this anymore
'Cause lately you've felt numb
Well, me too

I don't think that you're righteous anymore
And my whole life has been you
And I don't think I can fight this anymore
'Cause lately you've felt numb
Well, me too
