

# I Want You

Paris Hilton

Excuse me I think I seen you on the dance floor  
Excuse me I think there playin' one of our songs  
I seen you you've been here a lot of times  
And you've been on my mind cause baby your just so damn fine  
What do you say  
What will it take  
To make you see that I'm not playin'

I want you  
and I think you should know  
I want you  
and I wont let you go  
Cause I'm the kind of girl who likes to tell you what I want in  
life  
Get you right into things wont you like that anyway  
I want you  
so before you go home  
And you leave here alone  
I thought you should know

I'm not playin'

I want you  
and I think you should know  
I want you  
and I wont let you go  
Cause I'm the kind of girl who likes to tell you what I want in  
life  
Get you right into things wont you like that anyway  
I want you  
so before you go home  
And you leave here alone  
I thought you should know
