

Your love came down like Heaven on Earth
You stopped the world when you put me first
I finally get what I deserve
It's you and me to infinity

Made a wish on a shooting star and I waited patiently
For your love to find my heart knowing you could save me

Ooh, baby, baby
Ooh, you make me crazy
Now nothing can phase me

Ever since your love came down like Heaven on Earth
You stopped the world when you put me first
I finally get what I deserve
It's you and me, you and me, to infinity
It's you and me, you and me, to infinity
It's you and me, you and me, to infinity
It's you and me, to infinity
It's you and me, to infinity, to infinity

You're my man, I'm your moon
You came falling from the blue galaxies above
Now you're in my arms and I'm not letting you go 'cause

Ooh, baby, baby
Ooh, you make me crazy
Only love will save me

Ever since your love came down like Heaven on Earth
You stopped the world when you put me first (Me first)
I finally get what I deserve
It's you and me, you and me, to infinity
It's you and me, you and me, to infinity
It's you and me, you and me, to infinity

It's you and me, to infinity
It's you and me, to infinity, to infinity
To infinity
It's you and me, to infinity
