

## A QUICK DEATH

Paris Texas

I'm glad that you found me  
I've been on my lonely  
I think myself exhausted  
You took me out of my head  
I'm glad that you found me (I'm glad that you found me)  
I've been on my lonely (I've been on my lonely)  
I think myself exhausted (I think myself exhausted)  
You took me out of my head

I'm on the run, the run  
No one can save me  
I'm on the run, the run  
No one can save me  
C'mon, c'mon  
You know they can't outrun me  
C'mon, c'mon  
You know they can't outrun me  
I'm on the run, the run  
No one can save me  
I'm on the run, the run  
No one can save me  
C'mon, c'mon  
You know they can't outrun me  
C'mon, c'mon  
You know they can't outrun me
