

Going places, away I can't stay
Baby, come on, what you gotta say?
Romance, I know a high-roller, high voltage
He's shocking, let's go up, let's go up, let's go up

I want friends, don't talk 'bout bands
I want friends, don't talk 'bout fans
I want friends, don't talk 'bout bands
I want friends, don't talk 'bout plans
I can't move, when it's not my move
I can't take no loss, no chance
I want friends, don't talk 'bout bands
I want friends, don't talk 'bout my name

I won't put my team on my back
'Til I make it on my own
She tried put me in the friend zone
Why would I want someone as bad as you?
Don't act like I walk on Dasani
Best times we had around with no money
So young and so bummy, crash test going dummy
Before the tsunami, these waves changed me

I want friends, don't talk 'bout bands
I want friends, don't talk 'bout fans
I want friends, don't talk 'bout bands
I want friends, don't talk 'bout plans
I can't move, when it's not my move
I can't take no loss, no chance
I want friends, don't talk 'bout bands
I want friends, don't talk 'bout my name

Let's go all in
Let's go all the way
Hold on, roll in, she keep on tellin' me
Come on, I know she goes both ways
Okay, I know

I want friends, don't talk 'bout her
I want friends, don't talk 'bout bands
I want friends, don't talk 'bout fans
I want friends, don't talk 'bout plans
High-roller, keep going
That boy, that boy
That boy, he movin'
That boy, that boy
That boy, he movin'
I want friends, don't talk 'bout bands
I want friends, don't talk 'bout fans
I want friends, don't talk 'bout plans
High-roller, keep going
That boy, that boy
That boy, he movin'
That boy, that boy
That boy, he movin'
I want friends, don't talk 'bout bands
I want friends, don't talk 'bout fans

I want friends, don't talk 'bout plans
High-roller, keep going
I want friends, don't talk 'bout bands
I want friends, don't talk 'bout fans
I want friends, don't talk 'bout plans

It is time now for precision
And when I draw, my arrows always strikes my target
