

## Finding Out

Parker Millsap

As above, so below  
Chorus, bridge, guitar solo  
As beside, so between  
Welcome the Anthropocene  
As a bee has a buzz  
I have got a little fuzz  
As within, so without  
Fucking around and finding out

As the crow straightly flies  
He don't need no alibis  
As it comes, so it goes  
Running right between my toes  
Stumble here, crumble there  
Crying in my underwear  
As within, so without  
Fucking around and finding out

Little cracks in the glass  
Mending it to make it last  
Once our work here is done  
We'll have our day in the sun  
As without, so within  
All in perfect proportion  
As within, so without  
Fucking around and finding out  
Fucking around and finding out
