

Gotta Get To You

Parker Millsap

I'm movin' through the matter
I'm enterin' the emptiness
I'm cuttin' through the chatter
I'm battlin' the bleakness
I been awake all night
I'm gonna sleep when they kill me
I feel my bankroll tight
In my pocket I'm gonna pay 'em when they bill me

For the toll roads
Down the whole coast
That I been rollin' through
I see the white lines
Keepin' tight time
My tires are whinin' in tune
I've gotta, I've gotta get to you

I'm sailin' through the spaces
I'm pullin' out to fill it up
Erasin' all my traces
I'm facin' it - I've had enough
I been awake for days
I'm gonna sleep in my coffin
I can't stay awake
I'm speedin' straight to you and I ain't stoppin'

To smell the roses
Just call me Moses
The water's let me through
Just call me Earnhardt
I've got a burn car
I'm tryin' to pass the blues
I've gotta, I've gotta get to you
I've gotta get to you
I've gotta get to you
