

Greetings And Thanks (Haudenosaunee Thanksgiving Address)

Parker Millsap

Greetings and thanks to the earth and sea
Greetings and thanks to the herbs and trees
To the fishes and the animals
To the birds and their songs
Now we are one

Greetings and thanks to the four strong winds
Greetings and thanks to our thunder friends
To the moon and to the mystery
To the stars and the sun
Now we are one
Now we are one

Greetings and thanks to the miracle
Greetings and thanks with a spirit full
We remember for what's forgotten, so
Now we sing with our lungs
Now we are one
Now we are one
Now we are one
