

Alliance

Parks, Squares and Alleys

Let's fake an alliance
Let's make it up
Let's make it up

Portray my desire
Like I'm in love
Like I'm in love

I'll pick your friend up tonight
Because I owe you this time
Even if it doesn't seem right
I'll be your cover until you are mine

You know in this kind of town
She has a secret to hide
Even if they don't come around
I'll be your cover until you are mine

These steps are forerunners of wonder
She'd rather not expose
So you should take a pause
Here comes the thunder

The awkward questions are on their way
To ruin your affair
They shouldn't know she's there
It's time to portray

My fake desire
Like I'm in love
Like I'm in love

In this alliance
We made it up
We made it up

My fake desire
Like I'm in love
Like I'm in love

In this alliance
We made it up
We made it up
