## Is Anybody Wants Get Me Down

## Parks, Squares and Alleys

You should be inside my head
But I want to see you closer
I could easily become a dead
When we are going little older... older

High, Is anybody "wants get me down"
Is anybody "wants get me down"
Is anybody "wants get me down"
No, high, Is anybody "wants get me down"
Is anybody "wants get me down"
Is anybody "wants get me down"

I should be inside your head And if you want to see me closer I could easily become a dead When we are going little older... older

High, Is anybody "wants get me down"
Is anybody "wants get me down"
Is anybody "wants get me down"
No, high, Is anybody "wants get me down"
Is anybody "wants get me down"
Is anybody "wants get me down"
