

## Living for Today

### Parks, Squares and Alleys

We are the boys  
We are never afraid  
The guns are our toys  
And we're living for today

We're living for today  
And we're living for today

We are the boys  
We are never afraid  
The guns are our toys  
And we're living for today

We're living for today  
And we're living for today

And we're living for today  
We're living for today
