

# Man in the Sky

## Parks, Squares and Alleys

My mind is floating in the darkness,  
I used to be told I should think less,  
But the common ignorance  
Takes the future in its hands,  
My mind is floating in the darkness,  
And if I'm cursed to be unblessed,  
I will never be the one  
Who values blind devotion

(Oh!)

If there's a man in the sky  
The gravity is bluff  
(Oh!)

I see the anger in your eyes  
But there are just clouds above  
(Oh!)

If there's a man in the sky  
The gravity is bluff  
(Oh!)

I see the anger in your eyes  
But there are just clouds above

This is not a war or rebellion  
But I just feel like an alien  
For that hellish guilty thought  
The sacred hands are on my throat  
It won't be a sin or a murder  
If you receive the holy order  
And till I get to the void I'll say  
"Love's the only thing that matters"

(Oh!)

If there's a man in the sky  
The gravity is bluff  
(Oh!)

I see the anger in your eyes  
But there are just clouds above  
(Oh!)

If there's a man in the sky  
The gravity is bluff  
(Oh!)

I see the anger in your eyes  
But there are just clouds above

Oh! Man in the sky is bluff  
Oh! The anger in your eyes is above

(Oh!)

If there's a man in the sky  
The gravity is bluff  
(Oh!)

I see the anger in your eyes  
But there are just clouds above  
(Oh!)

If there's a man in the sky  
The gravity is bluff  
(Oh!)

I see the anger in your eyes  
But there are just clouds above
