

Mist on the River

Parks, Squares and Alleys

You're gonna slip away, I know
The mist on the river
Veil the trees before the dawn
The mist on the river
Beyond the place I'm standing on
The mist on the river
I'll be the shadow when you're gone
The mist on the river

The mist on the river
The mist on the river
The mist on the river
The mist on the river

You're gonna slip away, I know
The mist on the river
Veil the trees before the dawn
The mist on the river
Beyond the place I'm standing on
The mist on the river
I'll be the shadow when you're gone
The mist on the river

The mist on the river
The mist on the river
The mist on the river
The mist on the river
The mist on the river
The mist on the river
The mist on the river
The mist on the river
