

Ground Zero

Parkway Drive

The fights, the falls, the scars and broken bones
Beneath it all, the cracks begin to show
The hurt, the hate, we're no better off alone
Than a time bomb
Don't let it explode

There's a voice in my head
Telling me I'm not right, wanting me to fall
There's a place inside me
Where everything is dark, I don't care anymore
There's a thousand reasons
Telling me it's too bright living in the limelight
Every choice is mine to bear, mine alone

Flawless is a fiction, imperfection makes us whole
The weight that holds you down, let it go

The fights, the falls, the scars and broken bones
Beneath it all, the cracks begin to show
The hurt, the hate, we're no better off alone
Than a time bomb
Don't let it explode

I've got friends beside me
Telling me it's all right, waiting on my call
There's a place they showed me
Where I can find peace in the eye of the storm
There's a thousand reasons
Telling me it's not right giving up the fight
I got you beside me when my back's against the wall

Flawless is a fiction, imperfection makes us whole
The weight that holds you down, let it go

The fights, the falls, the scars and broken bones
Beneath it all, the cracks begin to show
The hurt, the hate, we're no better off alone
Than a time bomb

Flawless is a fiction, imperfection makes us whole
The weight that holds you down, let it go, go, go
Break through

Live like life depends on it

The fights, the falls, the scars and broken bones
Beneath it all, the cracks begin to show
The hurt, the hate, we're no better off alone
Than a time bomb
Don't let it explode

Explode
Don't let it explode
Don't let it
Don't let it explode
