

## Old Ghosts / New Regrets

Parkway Drive

Forever fucked  
We wage a war of suffering a deceit  
100 thousand years of dreaming, drowned in a flood of fear and  
greed  
Precious heritage laid waste before the chainsaws snarling teet  
h  
Bleed the earth, bleed her 'til her heart no longer beats

And still we wonder why  
As the ground beneath our feet turns to dust  
The air we breathe, laced with poisons  
A legacy of disgust  
A legacy of sorrow  
So we're born with nothing and we die alone

We're born with nothing  
And we die alone  
Regret is all we have  
Death is all we know  
[2x]

Forever fucked  
Eradicate the truths of history  
Train our eyes, train our minds so we no longer see the casualt  
ies  
Countless cultures murdered, generations stolen and deceived  
No guilt to bear  
Born to consume, to breed, to deny all that makes us free

We're born with nothing and we die alone

We're born with nothing and we die alone  
We're born with nothing  
We die alone  
[2x]

We die alone

Forever fucked  
We're born with nothing and we die alone  
We're born with nothing  
We die alone
