

## Give Up the Funk (Tear the Roof off the Sucker)

Parliament

Seconds up and wakes me once again  
Wants me up just like a good old friend  
And I wait for sleep away in such a lovely day  
Thinkin' maybe I should call you up and say  
That I'd love to be with you today  
Nothing much to do here anyway  
Will you take me for a ride out to the country side  
Spend this lovely day together you and I  
I'm tryin to say, "I miss you baby"  
I can't wait to be with you  
Hey, my love I'm ready  
To spend this lovely day with you  
We could go out walkin' in the sun  
Holding hands now wouldn't that be fun, oh  
And shouldn't start to rain, well, head for home again  
And watch the world go by together you and I  
I'm tryin to say, "I miss you baby"  
I can't wait to be with you  
Hey, my love I'm ready  
To spend this lovely day with you  
Spend this lovely day  
Spend this lovely day  
With you  
I'm tryin' to say, "I miss you baby"  
I can't wait to be with you  
Hey, hey, my love I'm ready  
To spend this lovely day with you  
Oh no baby, I can't wait to be with you  
Hey, my love I'm ready  
To spend this lovely day with you  
Ooh baby, I can't wait to be with you
