Be Alright

Parmalee

I look up from the ground to see your sad and teary eyes
You look away from me, and I see there' somethin' you're tryin' to hide
And I reach for your hand, but it's cold, you pull away again
And I wonder what's on your mind

And then you say to me you made a dumb mistake
You start to tremble, and your voice begins to break
You say the cigarettes on the counter
Weren't your friends, you need some space
And I feel the color drainin' from my face

And my friends say, I know you love her, man, but it's too late
It doesn't matter, put the phone away
It's never easy to walk away
Let her go, it'll be alright

So I still look back at all the messages you sent
I know it wasn't right, but it was messin' with my head
And everything deleted like the past, yeah, it was gone
When I touched your face, I could tell you're movin' on

But it's not the fact that you kissed him yesterday
It's the feelin' of betrayal that I just can't seem to shake
And everything tells me that I should walk away
But I just wanna stay

And my friends say, I know you love her, man, but it's too late
It doesn't matter, put the phone away
It's never easy to walk away
Let her go, it'll be okay

It's gonna hurt for a bit of time
So bottoms up, let's forget it tonight
You'll find another, and you'll be just fine
Let her go

Nothing heals the past like time
And they can't steal the love you're born to find

Nothin' heals the past like time
And they can't steal the love you're born to find

I know you love her, man, but it's too late
It doesn't matter, put the phone away
It's never easy to walk away
Let her go, it'll be okay

It's gonna hurt for a bit of time
So bottoms up, let's forget it tonight
You'll find another and you'll be just fine
Let her go

It'll be alright, it'll be alright
It'll be alright
