

# Beautiful

Parmalee

You got that look in your eyes  
That I can recognize anywhere  
Still after all of this time  
You make it hard not to stop and stare  
And both my hands are shakin'  
I guess what I'm tryin' to say is

Baby you're beautiful as ever  
Just like you were but even better  
I see you're happy and I hate it  
Never looked at me that way when  
We were together  
You're just as beautiful as ever  
You're as beautiful as ever

I wanna tell you I miss you  
But I just say I'm doin' fine  
(I just say I'm doin' fine)  
And would it phase you at all  
To know I can't get you off my mind  
It's like all the time  
Yeah I know that you don't  
But I still feel the same  
Cause even when you're walkin' away

You're just as beautiful as ever  
Just like you were but even better  
I see you're happy and I hate it  
Never looked at me that way when  
We were together  
You're just as beautiful as ever  
You're as beautiful as ever

I should turn my head  
But I can't look away  
Cause what if I never see you again  
Even though my heart's breakin'  
And I don't wanna say it no  
Even standing next to him

You're just as beautiful as ever  
Just like you were but even better  
I see you're happy and I hate it  
Never looked at me that way when  
We were together  
You're just as beautiful as ever  
You're as beautiful as ever
