

Day Drinkin'

Parmalee

Yea we could wait for the sun to go down
Count the hours 'til it's time to go out
But the radio's on... and it's playin' our song
Girl I can't help but see the sweat on your skin
Makes me wanna put something cool in your hand
And take that t-shirt off... Is that so wrong?

What you say we do a little day drinkin'?
Tell me are you thinkin' girl what I'm thinkin'
We could stay right here and just start workin' on a buzz
Soakin' in the sun, no we ain't in no rush
So what you say we do a little day drinkin'?
Yea some day drinkin'

Girl there's just something bout nothin' to do
We could turn a happy hour right into two
Three or four if you want... It'd be a shame if we don't

What you say we do a little day drinkin'?
Tell me are you thinkin' girl what I'm thinkin'
We could stay right here and just start workin' on a buzz
Soakin' in the sun, no we ain't in no rush
So what you say we do a little day drinkin'?
Yea some day drinkin'

Let's go

So come on raise a cup
Aw yea, bottoms up
Until the night comes
You and me just day drinkin'

Tell me are you thinkin' girl what I'm thinkin'
We could stay right here and just start workin' on a buzz
Soakin' in the sun, no we ain't in no rush
So what you say we do a little day drinkin'?
Yea some day drinkin'

Ain't nothin' wrong with a little
Day drinkin'
Some day drinkin'
