

I Do

Parmalee

He didn't wanna make the time for ya (Nope)
He never told you how he felt
He never laid it on the line for ya (Damn)
And if he did you couldn't tell

But if you were mine
I'd tell you every day
A million different times
In a million different ways
I would stick around from the start to the finish
And I Ain't even mad that he didn't

Cause baby I do baby I do
Wanna give you everything under that moon
Whatever you want, whatever you need
I can guarantee you that's what I'm gonna be
Letting go of you's kinda hard to imagine
Guess he never knew what he had when he had it
But baby I do baby I do
Ah yeah, baby I do

I wanna take you back to your hometown (That's right)
Ride them roads that you rolled down (Skirt skirt)
Do some hanging out with your home crowd (Let's go)
And meet your mom and them too

Cause baby I do baby I do
Wanna give you everything under that moon
Whatever you want, whatever you need
I can guarantee you that's what I'm gonna be
Letting go of you's kinda hard to imagine
Guess he never knew what he had when he had it
But baby I do baby I do
Ah yeah, baby I do
Yeah

I wanna make your breakfast on your birthday (Woo)
Send you roses on a work day
(Yea)
Keep it feeling like the first date
Yeah baby I do
Baby I do baby I do

Wanna give you everything under that moon
Whatever you want, whatever you need
I can guarantee you that's what I'm gonna be
Letting go of you's kinda hard to imagine
Guess he never knew what he had when he had it
But baby I do baby I do
Ah yeah, baby I do
Baby I do oo oo oo Baby I do
Yeah baby I do
Baby I do oo oo oo Baby I do
Ah Yea baby I do
