

Miss You Now

Parmalee

I've been thinkin'
Bout that weekend in Chicago, drinkin'
Rose out the bottle By the hotel pool
It was perfect
Kissed me on the elevator
Down the hallway
And we barely made it to that room

I'd give anything to go back
Yeah I wish I would've know that
If I'da loved you then
Like I miss you now
You wouldn't be in his arms
All the way 'cross town
And I wouldn't be
Throwing back another shot of this whiskey down
If I'da loved you then
Like I miss you now
If I'da loved you then
Like I miss you miss you now

I was stupid
Don't know how I didn't know
How good I had it
When I had you
Girl, I had it all
Wish I would've seen it
When I had the chance
Wish it didn't take me losing you to understand

If I'da loved you then
Like I miss you now
You wouldn't be in his arms
All the way 'cross town
And I wouldn't be
Throwing back another shot of this whiskey down
If I'da loved you then
Like I miss you now
If I'da loved you then
Like I miss you miss you now

I'd give anything to go back
Yeah I wish I would've know that
If I'da loved you then
Like I miss you now
You wouldn't be in his arms
All the way 'cross town
And I wouldn't be
Throwing back another shot of this whiskey down
If I'da loved you then
Like I miss you now
If I'da loved you then
Like I miss you miss you now
