Parov Stelar

Fall
Give it all to make you want me

All to make you want me
I would fall

Fall
Give it all to make you want me
I would fall

I would fall
Give it all to make you want me
I would fall
Give it all to make you want me
I would fall
Put your hands all over me, boy
Put your hands all over me
I would fall
Put your hands all
Put your hands all over me, boy
I would fall
