

Death Will Bring Change

Parquet Courts

Before the grief, I found peace in my selfish ways
My yesterdays were erased
Death will bring change

Before the crash, I revelled in potential untapped
Mortality was not contained
Death will bring change

The bottom of this well is rich with bitter water, it lays still,
drowsy, dreaming, & dying to get out

Now I'm anchored but my lines are all tangled
Can't afford to unwind

Before this wreck, I found peace in my health
Now my insides rebel
Death will bring change

The bottom of this well is rich with bitter water, it lays still,
drowsy, dreaming, & dying to get out
