

Quesadilla Explosion

Parry Gripp

Quesadilla explosion
Quesadilla explosion
Quesadillas are flying all over town
Tortillas and cheese
They're sailing on the breeze
Over buildings and trees
Now they're coming down

Something went terribly wrong at the factory
Don't worry no one was hurt
'Cause they care about safety
(Safety... except for the explosion)

We're gonna eat quesadillas tonight
We're gonna eat quesadillas tonight
Pick them up off the lawn, it'll be all right
We're going to eat quesadillas tonight

Pull them out of the bushes
And down from the trees
You can pick off the extra leaves
Everybody chow down, it's a quesadilla feast
And then we'll rebuild the factory!

Cheese, tortilla, cheese, tortilla
Cheese, tortilla, tortilla, cheese, cheese

Quesadilla explosion
Quesadilla explosion
Quesadilla explosion
It's a delicious explosion
Explosion!
