

# Only You

Parson James

And I need your love, I need you here with me  
And I don't care 'bout much else  
And I know it's hard for five million reasons  
But I don't think I could wait

When I'm feeling your love it's like a wind that blows  
I can't give up and I can't let go  
I won't give up, I won't lose  
When I'm broken down and I'm bruised  
I'm gonna get myself back home to you, ooh

Only you-ah  
Only you-ah  
Only you-ah  
Only you

And I need someone to lay down beside me  
'Cause I can't sleep by myself  
And my poor old heart's in five million pieces  
Now I'm asking for your help

When I'm feeling your love it's like a wind that blows  
I can't give up and I can't let go  
I won't give up, I won't lose  
When I'm broken down and I'm bruised  
I'm gonna get myself back home to you, ooh

Only you-ah  
Only you-ah  
Only you-ah  
Only you

You-ah  
You-ah

When I'm feeling your love it's like a wind that blows  
I can't give up and I can't let go  
I won't give up, I won't lose  
When I'm broken down and I'm bruised  
I'm gonna get myself back home to you, ooh

Only you-ah  
Only you-ah  
Only you-ah  
Only you
