

CELIBACY

PARTYNEXTDOOR

It's been too long, celibacy
What do you want? Tell it to me

Dropped to my knees
Let me break your streak, I'm begging you, please
'Cause it's been four months and two weeks and thirty-six hours
And eight minutes since you've been pleased
So please, please give me that opportunity
To get you right where you need to be
Is this what you want? Is this what you want?
Is this what you want? Is this what you want?
Is this what you want?
I'm on call for these type of things
Pour me a shotty, let it flow through my body
Flow through my body, flow through my body
Is this what you want?
Audemus is all in our cup
We got a lot of things to discuss
Like these men you know you can't trust
Or these girls that just don't give me enough
Fuck, I guess it's up and it's stuck
We're not like them, baby, and they're not like us, either one
Ross keeps on bringing that bottle and topping you up
Got you talking so tough while I'm calling your bluff

It's been too long, celibacy
What do you want? Tell it to me

Yeah (Uh)

The concept of you and I (I)
Take it one night at a time (A time)
Heart, body, and your mind (Oh, ooh)
I love that we intertwine
And I learned from mistakes I made with girls that made it worse (Come on now)
You'll never take our kids away from me, we'd make it work
Girl, I'm focused and I'm mesmerized (Mesmerized)
Eyes starin' at the prize (The prize)
Life is good between your thighs (Between your thighs)
Shake 'til your paralyzed (Paralyzed, uh)
I'm rocking you straight to sleep (Okay, to sleep)
Love having you so weak (So weak, oh my)
I know what you really like (What you like)
I know what you really like (What you like)
I know what you really like
I know

Ayy, ayy
