

East Liberty

PARTYNEXTDOOR

The summer's over and we're watchin' the sun finally set
Uh yeah
Uh yeah
Yeah
Seems like it's forever now, but forever's here
Oh oh oh oh oh oh

Cruise out of the town in a rental
The scene and the silence crescendo
But you the only one I miss
Cause you the only one I..
Summer's over, and I feel the same way you do
Yea, yea
[Hook]
Come on baby, girl come on
Come on baby, girl come on
You don't want a lazy lover
(Noo)
Just switch him out and find another
Come on baby, come oh oh girl
Come home baby, come home girl
How you feelin', how you feel?
Let a real one take the wheel

Girl the summer's fallin' and we're watchin' the sun finally set
Yeah (yeah), yeah (yeah)
Sometimes I hear the ocean, while drivin' down Oceans
Girl the ocean's callin' your name
Ohh oh

Cruise out of the town in a rental (yeah)
The scene and the silence crescendo
But you the only one I miss
Cause you the only one I..
Summer's over, and I feel the same way you do
No

Come on baby, girl come on
Come on baby, girl come on
You don't want a lazy lover

Come on baby, come oh girl
Come home baby, come home girl
