When we arguin', it's just me and me  
I was hardly home, workin' 3 to 3, seems like another time  
Feels like another time, there will be another time  
I'll get to, forget you

But, you just walked in  
Once you get to talkin', how I lost it  
Hard to call it all my fault, mama  
Tried to keep you out that drama, mama  
Was it all bad? (Yeah)  
How's Lamborghini Matte, ha?  
Tell me where he at now? (Where he at?)  
Somewhere in the trap now  
Wonder why he trap now

You was a rich bitch, probably need a rich nigga too  
And if you think about me, I'm 'bout to think about you  
Need a new chick for my Lamborghini flexin'  
Workin' in the East but you know we in the West End  
Name another nigga hustle hard like me  
With a heart like me  
Just a young nigga with the time like me  
You should shine like me  
Run that nigga, you don't want that nigga  
But I need a bad bitch that's hotter than me  
You can hardly admit

I'm still tryna fuck, with you  
Girl I wanna fuck with you (with you)  
Yeah yeah I'm tryna fuck you, girl, I'm tryna fuck with you  
Tryna fuck you girl, I'm tryna fuck with you  
I wanna fuck you girl, you know I fuck with you  
I wanna fuck you girl, let me roll with you  
Girl I wanna fuck with you

When we arguin', it's just me and me  
I was hardly home, workin' 3 to 3, seems like another time  
Feels like another time, there will be another time  
I'll get to, forget you

Go ahead, go ahead, go and ask Billie Jean who's the one?  
Let the truth be told, I don't believe you know what I want  
Girl if it's a plan you like, I know the bands you like  
Know the strands you like, know the brands you like  
What kind of man you like? Wanna expand your life

Girl you were a rich bitch, probably need a rich nigga too  
And if you think about me, I'm 'bout to think about you  
Need a new bitch for my Lamborghini flexin'

Name another nigga hustle hard like me  
With a heart like me  
Just a young nigga with the time like me  
You should shine like me  
So I said fuck that nigga, you don't want that nigga  
But I need a bad bitch that's hotter than me  
You can hardly admit
