

I Can't Wait

PARTYNEXTDOOR

It's been about six months long now, and we ain't doing ish but getting closer

I wish all this could last forever, and I ain't joking what so ever

I wake up every morning to your picture, it makes me smile to know that I am with ya

I send messages to your phone, telling you I can't wait until I get home

One night, while I'm on the road

Your voice can paint pictures to the blind, and smoke can bring sun to the sunrise

I see your face (I see your face), every time I fall asleep (every time I fall asleep)

Cause the angels call my name (angels call my name), telling me that you're at peace

Oh no

And I can't wait (I can't wait), to see your face (to see your face)

To see your smile (to see your smile), I ain't seen in a while (ain't seen in a while)

And I can't wait (I can't wait), to see your face (to see your face)

To see your smile (to see your smile), I ain't seen in a while (ain't seen in a while)

So baby I cannot wait

I know your momma thinks I'm way too occupied, to have a girl up in my busy life

But I promise I'mma stick it through, no matter no matter what I got to do

And girl, trust that I got time, enough time to keep a smile on your face

Your my exhale, your my escape

And baby I just can't wait

One night, while I'm on the road

Your voice can paint pictures to the blind, and smoke can bring sun to the sunrise

I see your face (I see your face), every time I fall asleep (every time I fall asleep)

Cause the angels call my name (angels call my name), telling me that you're at peace

Oh no

And I can't wait (I can't wait), to see your face (to see your face)

To see your smile (to see your smile), I ain't seen in a while (ain't seen in a while)

And I can't wait (I can't wait), to see your face (to see your face)

To see your smile (to see your smile), I ain't seen in a while (ain't seen in a while)

Babe, I wanna hold your hand, girl I just want one touch

And lady, damn I miss your kiss, everything you did, damn I miss your hugs

Girl, and you know you stay from drama, no if's, and's, but's or comma's

I'm young but I know what's real, is this how your supposed to feel?

And I can't wait (I can't wait), to see your face (to see your face)

To see your smile (to see your smile), I ain't seen in a while (ain't seen in a while)

n a while)

And I can't wait (I can't wait), to see your face (to see your face)
To see your smile (to see your smile), I ain't seen in a while (ain't seen i
n a while)

And I can't wait (I can't wait), to see your face (to see your face)
To see your smile (to see your smile), I ain't seen in a while (ain't seen i
n a while)
