

# LET'S GET MARRIED

PARTYNEXTDOOR

I finally realized what I need  
Can only be royal if you loyal girl  
And all I need is a woman who will wanna agree with everything  
that I do  
And get naked for me when I want her to  
All I need, make it feel like forever  
When it's temporary, let's get married

Just cause this moment deserves a moment  
Just cause this moment, deserves a moment  
Let's get married, let's get married  
I'm a get drunk enough and get crazy enough  
To say something just as crazy as let's get married  
Let's get married, let's get married

Still I need me a freak, I'm coming straight out of Montego Bay  
You working seven days a week  
I know how you feel, cause I feel the same  
We put the same shit in our brain  
Not with that molly, coked up on Dolly  
All that you need is some green girl you a rockstar when with me  
Girl I know, I know, I know, I know, I know, I know, I know, I know  
I know, I know, I know, you some times feel  
Outta control but baby
