Party, party
Party, party

Shawty, you get the best of me (Best of me)
Whatever is left of me (Left of me)
Stretchin' like elastic, no, no (Best of me)
Every little bit of me stretchin' (Left of me)
You get the best of me
Anything less you won't accept it
So I give you the best of me
'Cause anything less you won't accept
So I give you the best of me

I promised you I never go back to the city
'Cause you know how messy it get
You never take a chance if you can
Every time, I got you upset
So I (So I), give you my all so you don't cry (So you don't cry

Give you my all, so you're not shy
Give you my all, so you know you're mine

Whatever is left of me (Left of me)
Stretchin' like elastic, no, no (Best of me)

You get the best of me
Anything less you won't accept it
So I give you the best of me
'Cause anything less you won't accept
