

Go 'head, T3

Where was she raised? Where does she raise up?

Came from the grave, now she chase paper

PGT, PGT

PGT (PGT, oh)

PGT, that's a PGT

Pretty yellow thang, don't believe that shit

Believes in me like I believe in her

Pass time, runnin' over steak and grits

Pass time, runnin' over this and that

I got a room, baby, we don't gotta strap

You say you good but you know I gotta ask

You say you good but you know I gotta-

Pretty thing-thing, girl you got class

Guardin' all the punches so you gotta think fast

Can I pour another glass? Another glass

Hennessey, Pepsi, Hennessey and Pepsi

PGT, you're way more sexy out in person (Yeah)

Girl, I know that you're nervous

You're deeper than the surface, deeper than the surface (Got me askin')

Where was she raised? Where does she raise up?

Came from the grave, now she chase paper

PGT, PGT

PGT (PGT, oh)

Where was she raised? Where does she raise up?

Came from the grave, now she chase paper

PGT, PGT

PGT (PGT, oh)

I really brought you out of the country, ayy

What's that? What's this?

I really got you livin' nice, baby

Like that and this

Your body fit designer good, ask me and you got it, we good

Got a mansion in Hollywood, but I never turned Hollywood

She get old, but I need more love for me (More love for me)

She get old, but that means more TLC (More TLC, yeah)

She get old, but maybe that's all I really need (Woah, oh)

Hennessey, Pepsi, Hennessey and Pepsi (All you need)

PGT, you're way more sexy out in person (Yeah, yeah)

Girl, I know that you're nervous

You're deeper than the surface, deeper than the surface (Got me askin')
