

Spiteful

PARTYNEXTDOOR

Tell me just how to ride, oh girl I need you
Where's your loyalty and honor when I need you?
Most nights at work
Pray in the church for me
She says she wants to see me smile more
Come a long way, I need miles more
I found you, I can find more

Don't get too caught up with that nigga
Don't hate on my new bitches
Cause you got you a nigga
What we had wasn't love, love, love, love, yeah
Don't be spiteful
And I won't be spiteful
I see you takin' shots girl
I see you ain't forgot girl
Don't be spiteful
