

SPLIT DECISION

PARTYNEXTDOOR

Tried to call a million times and no I won't stop, won't stop
Callin' to apologize, just got my heart stuck, heart stuck
You found some things you never should have found, never should
have found
But you found it anyway, you found it anyway

Said you never trust me again (You never trust me again)
Said you never love me again (You never love me again)
Said all you need is your friends and you just be frontin'
Said you never trust me again (You never trust me again)
You never love me again
Said all you need is your friends and you just be frontin'

Hello, no one's available to take your call
Please leave a message after the tone

Just got back from a trip, caught me with another bitch
I can see it in your face, you gotta make a split decision
Is it, is it worth it?
You won't spare me any mercy

Said you never trust me again (You never trust me again)
Said you never love me again (You never love me again)
Said all you need is your friends and you just be frontin'
Said you never trust me again (You never trust me again)
You never love me again
Said all you need is your friends and you just be frontin'

Said you never trust me again (You never trust me again)
Said you never love me again (You never love me again)
Said all you need is your friends and you just be frontin'
Said you never trust me again (You never trust me again)
You never love me again
Said all you need is your friends and you just be frontin'
