

Ancient Mazes

Passafire

In a place
Where the only thing to hope for
Suffocate
'Cause they always need an encore
Got a nervous hum, I'll be there in a heartbeat
But have some patience 'cause mine is slow lately
I'm looking up, constellations of
My mistakes above, patterns scattered in the sky
Can't believe it all
Better leave it all behind
Light the fuse and walk away
Can you wait?
Do you need to know what's after?

In a race
But you can't go any faster
I can't take it
Ancient mazes
Lookin' to find a way to get
Out of the cave and back to the heart
Ladder's on the wall
Have the risk to fall
Still I keep climbing up into the sky
Can't believe it all
Better leave it all behind
Light the fuse and walk away
Feel the heat rise
See the ashes in the sky
There is nothing left to save
Left to save
