

Sleepless

Passafire

We've had so many sleepless nights
Lying awake talking about this life
We built together
What would you say
If I asked you to be mine forever?
We've had so many sleepless nights
Lying awake talking about this life
We built together
What would you say
If I asked you to be mine

Side by side at the table
Look around at the things we collected
Take a breath if I'm able
I exhale my heart's not protected
You can make my head spin
You can have my time and patience
You're the only one who gets it
You're the only one who knows

We've had so many sleepless nights
Lying awake talking about this life
We built together
What would you say
If I asked you to be mine forever?
We've had so many sleepless nights
Lying awake talking about this life
We built together
What would you say
If I asked you to be mine

I'm gonna write a postcard
Ya know I know just where to send it
It went away it went so far
I'm not just saying this, I'm not just pretending
Put my faith, put my trust in you
Everything that you are I defend it
I'll be coming back home to you
You know it's hard to forget that

We've had so many sleepless nights
Lying awake talking about this life
We built together
What would you say
If I asked you to be mine forever?
We've had so many sleepless nights
Lying awake talking about this life
We built together
What would you say
If I asked you to be mine

We've had so many sleepless nights
Talkin' about this life

We've had so many sleepless nights
Lying awake talking about this life
We built together

What would you say
If I asked you to be mine..
