

# Boomerang

Passenger

Well every day I roll this stone up a hill  
Then I watch it roll back down  
I throw it out like a boomerang  
Spinning in the sky  
Then it comes back round

I can't run or hide away  
It always seems to track me down, down  
I'm sick and tired of Groundhog day  
I need something new to bring me round

You see I wanna live a good life  
I don't wanna just survive  
Yeah I wanna love and be loved  
I wanna feel alive  
I wanna feel alive

Well every night I dream of something good  
Then I wake to find it gone  
I fly high like a boomerang  
But always come back down before too long

Yeah and I can feel it slide away  
With every answer I get wrong  
I'm sick and tired of Groundhog day  
I need something new to move along

You see I want to live a good life  
I don't wanna just survive  
Yeah I wanna love and be loved  
I wanna feel alive

So give me something I can feel  
Something I can trust with all my heart  
Give me something that is real  
Something to hold on to in the dark  
Give me something I can taste  
And something that won't tear my world apart  
Give me something that won't fade away

Cos' I just wanna live a good life  
I don't wanna just survive  
Yeah I wanna love and be loved  
I wanna feel alive

And I wanna feel the sun up on my skin  
I wanna flourish and thrive, hey  
Yeah I just wanna feel peace within  
When I close my eyes  
When I close my eyes
