Passenger

Am **G** **C** **Am** **G** **C**
I know a man with nothing in his hands, nothing but a rolling stone
Am **G** **C** **Am** **G** **C**
He told me about when his house burnt down, he lost everything he owned
Am **G** **C** **Am** **G** **C**
He lay asleep for six whole weeks, they were gonna ask his mother to choose.
Am **G** **C**
When he woke up with nothing he said I'll tell you something
Am **G** **C**
When you've got nothing, you've got nothing to lose.

Refrain 1

Am **F** **C** **G**
Now I've got a hole in my pocket, a hole in my shirt, a whole lot
C
of trouble, he said,
F **C** **G**
but now the money is gone, life carries on and I miss it like a
Ami
hole in the head!

I know a woman with kids around her ankles and a baby on her lap,
she said one day her husband went to get a paper and the mother
fucker never came back. Mortgage to pay and four kids to raise,
but keeping the wolf from the door she said
the wolf's just a puppy and the door's double locked so why you
gotta worry me for.

Am **F** **C** **G**
Now he left a hole in my heart a hole in a promise a hole on the
Ami
side of my bed
F **C** **G** oh no
w that he's gone well life carries and I miss him like a hole
Ami
in the head.

Bridge:

F **C** **G**

G
lives
Dm **F** **C**
