

# Swimming Upstream

Passenger

Well I've been living in a dream that I can't wake up from  
Swimming up stream I can't get to the sea  
Where the fish swim free

And staring at a screen that I don't get much from  
Staring so long, can't see wood from the trees  
Or the birds from the bees

And half of the time well it flies right by  
Like childhood did  
In the blink of an eye  
And half of the time, well it goes so slow  
I sit outside and watch the grass grow

Well I've been running on a treadmill, legs like lead  
Will there ever be a needle for this thread  
I've been weaving since I was born?

And the papers read and the government said  
I should stay in bed to stop the virus spread  
I won't be leaving for so long

Well some nights I feel okay, I close my eyes and I drift away  
Some nights I just lay and stare at the ceiling  
Like it's gonna go somewhere

Swimming up stream  
Swimming up stream

Oh and I keep swimming but I go nowhere  
It's all the same when I come up for air  
And I just can't get there

Swimming up stream  
Swimming up stream  
Swimming up stream  
Stream
