

# Sword from the Stone

Passenger

Well how ya doing, darling?  
How you getting on?  
Any horses running  
Worth betting on?  
How's the weather down there?  
I hope you're keeping warm

How you feeling, sweetheart?  
Are you moving on?  
Are you sleeping okay  
Or do the nights go on and on?  
I hope you're eating well  
I hope you're staying strong

'Cause I'm fine and then I'm not  
I'm spinning 'round and I can't stop  
I can't do this alone

For time flies then it's so slow  
I'm up and down like a yoyo  
I can't do it on my own  
And I've tried and I can't pull the sword from the stone

How are your mum and dad?  
How's your brother too?  
My folks are holding up  
My sister's pulling through  
And both the cats say hi  
I know they miss you too

'Cause I'm fine and then I'm not  
I'm spinning 'round and I can't stop  
I can't do this alone

For time flies then it's so slow  
I'm up and down like a yoyo  
I can't do it on my own  
'Cause I've tried and I can't pull the sword from the stone

Because I'm fine and then I'm not  
I'm spinning round and I can't stop  
I can't do this alone

And time flies then it's so slow  
I'm up and down like a yoyo  
I can't do it on my own  
See, I've tried and I can't pull the sword from the stone
