

## Emotion

Pastel Ghost

Pure emotion  
You and I  
Deep connection  
Warmth inside

No controlling  
How I feel  
All consuming  
Love is real

I want to let go  
A part of me won't  
Wake up alone  
With no one to hold

You revived me  
Unconsciously  
Trust my feelings  
I'm yours to keep

Suffering loss  
Losing myself  
I only want you  
No one else

Emotion  
Pure emotion  
Pure emotion

Let go of the past  
Forget the future  
Let go of the past  
Forget the future

No apprehension  
Just fall in love  
No apprehension  
Just fall in love

I only want you  
No one else
