

# **Underwater**

**Pastel Ghost**

Hold me closer  
Underwater  
Weighted secrets  
Full of regret

Dead & restless  
In this fortress  
Melt my sadness  
Drenched in acid

Blurry vision  
Cold sensation  
I need a reason  
Lost in the end

You know I love you  
Don't want to argue  
The voice inside me  
Won't let me sleep

Won't let me  
Won't let me
