

## When You Sleep

Pastel Ghost

When I look at you  
Oh, but I don't know what's real  
Once in a while  
And you make me laugh  
And I'll sleep tomorrow  
And it won't be long  
Once in a while  
Then you take me down  
When you walk away

When you say "I do"  
Oh, but I don't believe in you  
I can't forget it, ooh  
When you sleep tomorrow  
And it won't be long  
Once in a while  
When you make me smile  
And you turn your long blonde hair

When I look at you  
Oh, but I don't know what's real  
Once in a while  
And you make me laugh  
And I'll sleep tomorrow  
And it won't be long  
Once in a while  
Then you take me down  
When you walk away
