

## Nothing / Something

Pat Barrett

I could write a melody  
That all of heaven's choir sings  
But if I don't have love then it means nothing  
I can spit out some holy word  
Something that you've never heard  
But If I don't have love it means nothing

If I can't love my neighbor like I love myself  
If I won't move when my brother cries out for help  
If I'm too proud to forgive before the sun goes down  
Then this life that I've been living what does it mean now  
At best it all means nothing  
Without love it all means nothing

I can dine with kings and queens  
My name go down in history  
But if I don't have love it means nothing  
Take the old and make me new  
Show me how to love like You  
Cause if I don't have love it means nothing

I don't want to sound like a crashing cymbal  
I don't want to be some empty noise  
I'm down on my knees Lord I surrender  
Jesus help me to love with a love like Yours

And then it'll all mean something  
I want it to all mean something  
And then it'll all mean something  
I want it to all mean something

I want to love my neighbor like I love myself  
I want to move when my brother cries out for help  
Don't want to be too proud to forgive before the sun goes down  
Then this life that I've been living what would it mean now  
At best it will all mean something  
With love it all means something  
I hope it all means something  
With love it will all mean something
