

# Trust

Pat Barrett

Trust in the Lord with all your heart  
And lean not on your understanding  
All your ways acknowledge Him  
And He will make your path straight  
He will make your path straight

Whatever may come, whatever may go  
I will trust in Him  
In every high, in every low  
I will trust again  
With all of my heart, with all of my soul  
And with all I am  
God, I'm gonna trust You all my days  
God, I'm gonna trust You all my days

Whatever may come, whatever may go  
I will trust in Him  
In every high, in every low  
I will trust again  
With all of my heart, with all of my soul  
And with all I am  
God, I'm gonna trust You all my days  
God, I'm gonna trust You all my days  
(Hey!)

I'm gonna trust You

Yeah, I won't be shaken  
I won't be moved  
I have decided  
I'm gonna trust, gonna trust in You  
No hesitation  
I know what I choose  
I have decided  
I'm gonna trust, gonna trust in You

I won't be shaken, Lord  
No, I won't be moved  
'Cause I have decided  
I'm gonna trust, gonna trust in You  
No hesitation  
I know what I choose  
I have decided  
I'm gonna trust in You

Whatever may come, whatever may go  
I will trust in Him  
In every high, in every low  
I will trust again  
With all of my heart, with all of my soul  
And with all I am  
God, I'm gonna trust You all my days  
God, I'm gonna trust You all my days

Oh, whatever may come, whatever may go  
I will trust in Him  
In every high, in every low

I will trust again  
With all of my heart, with all of my soul  
And with all I am  
God, I'm gonna trust You all my days  
God, I'm gonna trust You all my days

Hey!

Oh, I'm gonna trust you with all of my life, God  
My feet are on the solid rock

Oh, I won't be shaken, no  
No, I won't be moved  
I have decided  
I'm gonna trust, gonna trust in You  
I got no hesitation  
I know what I choose  
I have decided  
I'm gonna trust, gonna trust in You

I'm not gonna look back  
Oh, I made up my mind, made up my mind  
God, I'm gonna trust You all my days  
God, I'm gonna trust You all my days
