Have It All

Pat Benatar

You think that you're the second coming Sorry to say it doesn't do it for me Must be a drag when you're so stunning In all that you are And all that you hope to be

R: You can have it all, take it all Break it all, forsake it all Want it all, choose it all Use it with no stake at all Keep it all, trash it all Lead it just like sheep it all Hate it all, love it all, and still You'll have nothing Yeah, yeah

You think that you can walk on water Better be careful, it gets mighty deep I'd be afraid of what my thoughts were You never know who'd be willing To take that leap

R:

When you look in the mirror Do you see any clearer Or are you blinded By your own vision Or have you ever thought That maybe you were wrong Or do you just reside In your illusion

R: (2x)
